

TALENT INTELLIGENCE

ReqGenius

Filter 100 resumes free. Pay only when a candidate is worth a closer look — no subscription, ever.

OVERVIEW

ReqGenius is an AI-empowered hiring platform built for small to medium businesses and staffing agencies that screen 1–500 candidates a month. Drag and drop up to 100 resumes at once and every one receives a free Quick Filter match score in seconds — before a single credit is spent.

Credits go only to the talent you choose to advance: evidence-first scorecards graded line by line against your job description, AI interviews that probe like a domain expert, assessments, and reference checks. One complete hire typically costs about \$50 — once — versus the \$290–\$499 a month competitors charge whether you are hiring or not.

CORE CAPABILITIES

Free Quick Filter

Upload up to 100 resumes or a ZIP from your job board. Every candidate gets a match score in seconds, so weak fits are filtered out at no cost.

Evidence-First Scorecards

A 0–100 score with category breakdowns, strengths and severity-ranked gaps — each tied to the exact resume line that earned it — plus a clear advance, hold, or pass call.

AI Interviews & Pre-Screen

The AI checks must-haves, answers candidate questions, and runs text interviews today (phone and video coming), scoring every answer with the quote behind it.

JD Writer, Reports & Candidate Portal

Three industry-tuned job description rewrites, shareable CSV reports with follow-up questions, and a mobile candidate portal with a promised decision date.

HOW IT WORKS

1

Write and filter

Generate a sharper job description, then drop in your resumes. Quick Filter scores all of them free in seconds.

2

Score the keepers

Promote top matches to full AI scorecards and send AI interviews, assessments, or reference checks — each priced on its own.

3

Make the hire

Review one report per candidate with four scores and a clear recommendation. You make the final call with the evidence in hand.

Start filtering free.

No subscription · No credit card · \$2.30–\$3.00 per credit, rolls over 12 months.
